

You **MUST** stay off of all antihistamines for at least 48 hours (unless instructed otherwise) prior to your Allergy Skin Testing. Please consult the list below, as some medications may need to be avoided for a longer period of time. If you are taking an Antidepressant, medication to help you sleep, or medication for your blood pressure, glaucoma, or migraines, you will need to contact the Allergy Dept for further instructions @ (317) 926- 1056.

Some supplements also have an effect on skin testing. Please discontinue use of any of the following items for at least 72 hours prior to your test:

Vitamin C Licorice Green Tea Saw Palmetto St. John's Wort Feverfew Milk Thistle Astragalus
